

Worksheet:

- *Target group: preschool children and students of all types of schools.*
- *Group size: any (it can be one group -the whole class, it can be the whole school at times)*
- *Time period when the program is realized: Empty Classroom Day is celebrated once a year in June, but we encourage organization of classes outside school as frequently as possible, the duration of activity depends on the teachers and the students.*
- *Equipment necessary to realize the program: adequate clothing adapted to the weather conditions, other materials depend on teachers and students' ideas on how to celebrate the day.*
- *Program structure and instructions/manual if accessible: on Empty Classroom Day we encourage all students to leave their school and kindergarten buildings and hold outdoor classes. Suggestions for activities suitable for different age groups are to be found online on <http://emptyclassroomday.eu/> (except for the Polish language version the website offers Czech, Slovak and Hungarian language versions).*
